

Fluke SW90W FlukeView ScopeMeter Software

FlukeView scopemeter software helps in storing and retrieving waveforms, gathering measurement data, and performing waveform analysis.

- **FlukeView software adds PC power to your Fluke ScopeMeter test tool**

FlukeView ScopeMeter software helps you get more out of your [ScopeMeter Test Tool](#) by:

- **Documenting:** Transfer screens, waveforms, and measurement data from the ScopeMeter to your PC for printing, or to import data to other programs.
- **Archiving:** Store and retrieve waveforms with text annotations and create your own library for easy reference and comparison.
- **Analysis:** Gather valuable measurement data and enable cursor measurement to reveal relationship and conditions.

Extended recording of up to four user-selected measurements help you monitor and analyze slow moving signals and related events. Upload waveforms to the PC and use cursors for detailed measurements. Perform waveform analysis, including analyzing harmonics.

- For ScopeMeter 190 and 120 Series
 - Windows XP/Vista/Win-7
 - Requires one free RS-232 port (COM port) or a free USB-Port
 - Requires optional PM9080 RS-232 Adapter/Cable or a optional OC4USB-cable (190C-series, 120-series)

Note: 190-series II comes with USB-port and USB-cable included. For 190-II no additional hardware is required.
