Features

Antistatic wrist strap

- ❖ Snug fitting and long life are ensured
 - Belt with flexible adjustability ensures safe use with wrists of all sizes. A large snap contributes to high durability.
- ❖ Length of wrist band
 - The length of wrist band is about 220mm.
 - The length becomes shorter by up to about 190mm since the strap end is folded back in actual use.

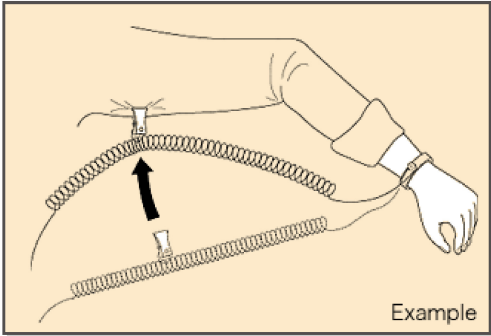

- ❖ Banana plug with alligator clip
- ❖ Snap with 1MΩ
- ❖ 442B now available in 3 colors variations

Usage / Applications

How to use CORD HELPER II

1. Insert the grounding wire into the ring of the cord helper.
2. Clip the cord helper on the cloth as shown.
